

# Week 2 – Technical Labs

Journal entries

## All-student prompts

All students should reflect on and respond to the following prompt(s):

**Prompt 3:** *How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?*

I have used my skills of active listening. Throughout this internship I have needed to ask questions, and listen closely to speakers to take the most away, which was through my skills of active listening. I still need to continue to develop my communication skills, and confidence so I am best able to work, and live in general. I wish I had learned that I would have to talk a lot.

## Additional Wake County prompts

Students completing the internship program for Wake County schools must also complete the following prompts IN ADDITION to the 'All-student prompts'

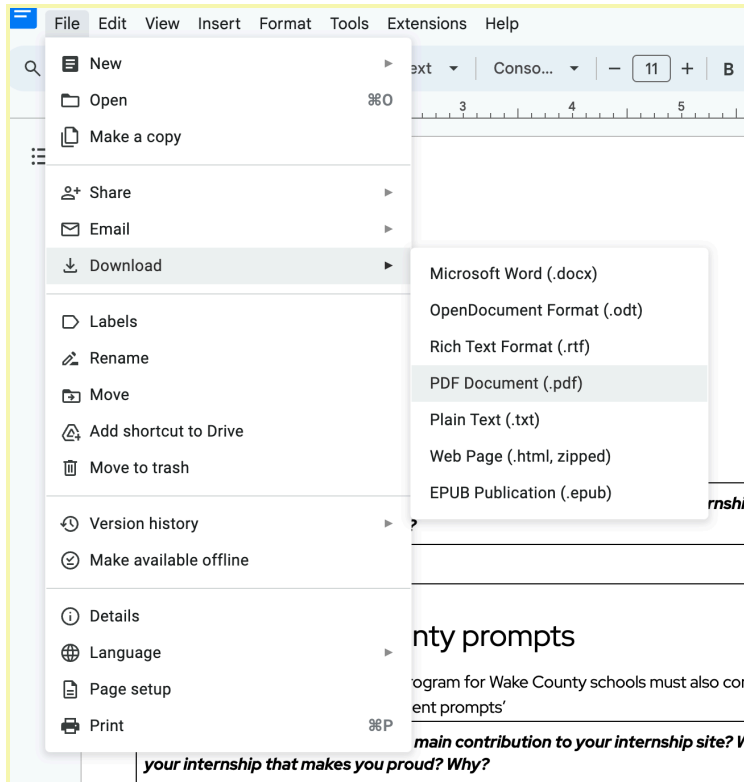

**Prompt 4:** *What do you feel is your main contribution to your internship site? What have you done at your internship that makes you proud? Why?*
