

# Week 2 – Technical Labs

Journal entries

## All-student prompts

All students should reflect on and respond to the following prompt(s):

**Prompt 3:** *How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?*

My classroom experience taught me to pay attention and not get distracted by technology which has definitely helped me during this internship since a lot of it is about paying attention to someone speaking and since I have a phone and laptop close to me it's easy to get distracted. Before the internship I wish I had learned more about Red Hat because I went into the internship knowing almost nothing about Red Hat.

## Additional Wake County prompts

Students completing the internship program for Wake County schools must also complete the following prompts IN ADDITION to the 'All-student prompts'

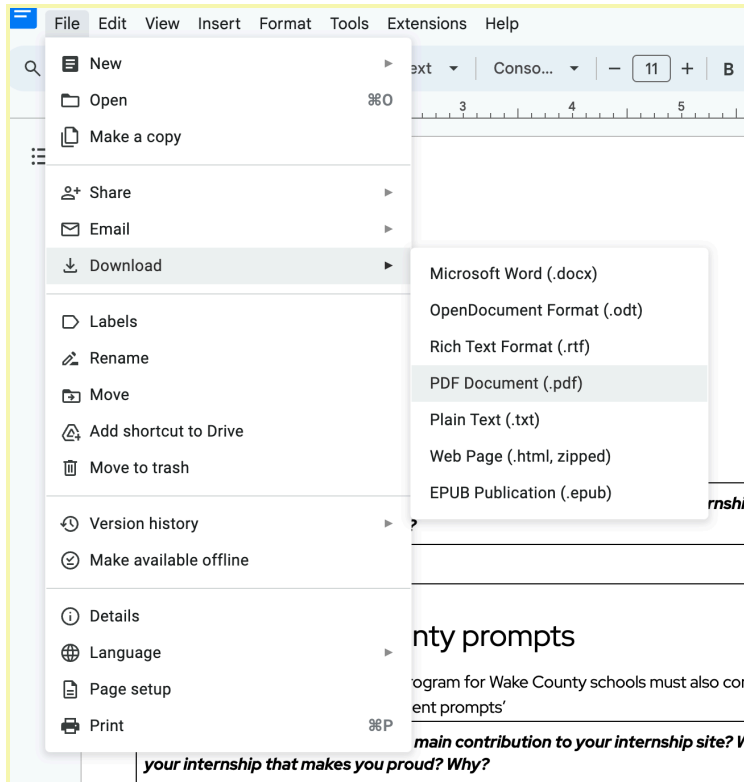

**Prompt 4:** *What do you feel is your main contribution to your internship site? What have you done at your internship that makes you proud? Why?*

## Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format **[Firstname Lastname] Week 2 Journal Entries**

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in our [shared repo](#).
