

Week 3 – All About Data

Journal entries

All-student prompts

All students should reflect on and respond to the following prompt(s):

Prompt 5: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

This internship has gone past the expectation I had going in. The people at Red Hat have been extremely friendly and welcoming. The culture here is outstanding and potentially a place I would like to work in the future.

Prompt 6: *How has this experience affected or changed your career/college plans?*

I've had the opportunity to talk to professionals along with college interns to hear their stories. I think Troy McNish helped me confirm my passion for broadcasting and film. I'm planning on meeting with him again Monday to further my knowledge.

Additional Wake County prompts

Students completing the internship program for Wake County schools must also complete the following prompts IN ADDITION to the 'All-student prompts'

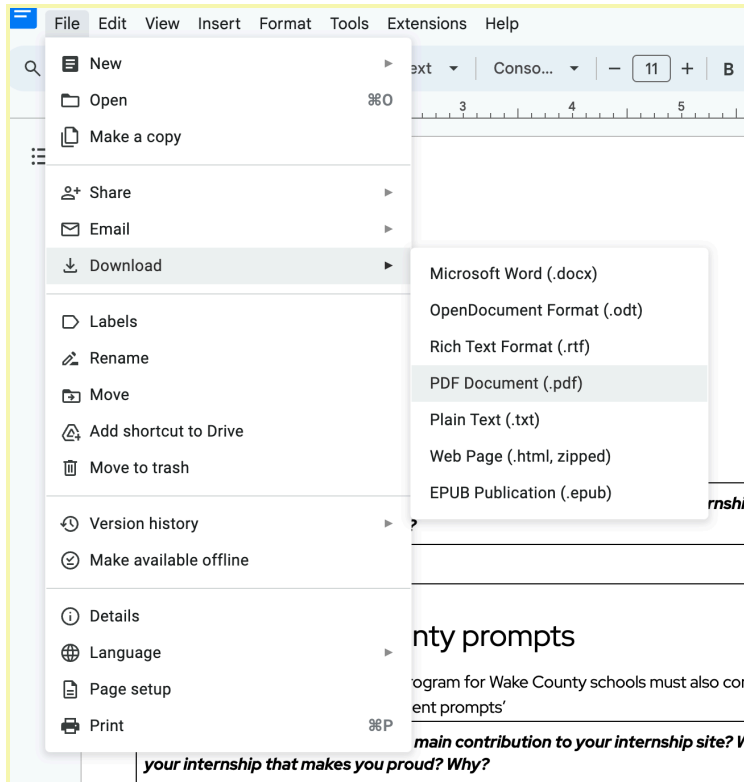

Prompt 7: *How have your duties changed since you first started? Have you been given more responsibility?*

My duties have changed drastically since I started here. When I started they just wanted me to get settled and enjoy my time. Now I have projects with deadlines that may not be important to the expansion of the company, but expand my knowledge.

Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format **[Firstname Lastname] Week 3 Journal Entries**

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in our [shared repo](#).
